

## You now have online access to your hourly water usage information.

As part of our ongoing efforts to improve services to our customers, we are now offering you direct and secure access to your water usage data. The Precinct's EyeOnWater suite of available tools includes a secure online website to review and analyze your usage patterns. A consumer smartphone app will be made available after the initial online sign-up.

To access your personalized online portal visit:

<https://eyeonwater.com/signup>

You will need the following information to register for an online account:

Zip Code  
Account Number or Access Code  
E-mail Address
